Dr. J. Lederberg  
Department of Genetics  
Stanford University  
Stanford, CA 94305

Dear Dr. Lederberg,

Several weeks ago, I made arrangements with your secretary for an appointment for Dr. Hamao Umezawa to have a discussion with you at 10:00 AM, April 16, 1976. The purpose of this letter is to confirm this visit.

Dr. S. N. Cohen is going to come to your office at 11:00 AM to meet Dr. Umezawa and they will have their discussion after that. With the enclosed copy of the letter to Dr. Cohen, I also bring to your attention, the availability of Dr. Umezawa for a lecture or seminar on April 16. Dr. Cohen was going to discuss the subject with you and I would like to be advised of the decision as soon as possible, in order that I could schedule Dr. Umezawa's time for the remainder of the day.

Yours very truly,

Nestor Bohonos, Ph.D.  
Staff Scientist  
Life Sciences Division
